NATURE OF RELEASE

Type of Release Produced Water w/skim of oil	Volume of Release 15 BPW	Volume Recovered <input type="checkbox"/> 0
Source of Release 750 Gun Barrel tank	Date and Hour of Occurrence 2-2-11	Date and Hour of Discovery 2-4-11 9:00 AM
Was Immediate Notice Given? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Not Required	If YES, To Whom? Jim Amos (BLM-Carlsbad) 2-8-11 1:50 PM Mike Bratcher OCD-Artesia 1:43 PM 2-8-11	
By Whom? <input type="checkbox"/>	Date and Hour <input type="checkbox"/>	
Was a Watercourse Reached? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	If YES, Volume Impacting the Watercourse.	
If a Watercourse was Impacted, Describe Fully.* N/A		
Describe Cause of Problem and Remedial Action Taken.* A 750 gunbarrel spilled fluid from vent line onto ground and sprayed surrounding tanks.		
Describe Area Affected and Cleanup Action Taken.* Due to extreme cold weather the Todd 26-1 compressor suction line froze up on the 2 <sup>nd</sup> of February and the compressor was left down as well as the pumping unit. On the 4 <sup>th</sup> of February sometime early that morning the separator had about 200 psi in it when the dump controller froze up and opened the dump valve sending water and gas to the gunbarrel causing it to roll and spill about 15 barrels of water and a skim of oil out of the vent line and spraying the surrounding tanks. Vacuum truck was called to pick up some of the produced water.		
I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
