	<input type="checkbox"/> Water Shut-Off
	<input type="checkbox"/> Conversion to Injection
	<input type="checkbox"/> Dispose Water

(Note: Report results of multiple completion on Well Completion or Recompletion Report and Log form.)

13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Devon Energy Corporation plans to drill this well in the very near future. The well pad and location were built in 2001.

Devon respectfully requests permission to add 15' to the north side and 15' to the south side of the location, as the location that has been built is not large enough to accommodate Nabors Rig 347. With the additional 15' added to the north and south ends of the location, we will still be within the 400' X 400' area that has been archaeologically cleared.

Please see the attached schematic for the layout of Nabors Rig 347.

14. I hereby certify that the foregoing is true and correct

Signed Rusty Klein
