THIS IS A REPORT OF: (Check appropriate block)

☐ Beginning Drilling Operations☐ Casing Test and Cement Job☒ Other (Explain):☐ Plugging☐ Remedial Work

Detailed account of work done, nature and quantity of materials used, and results obtained.

Mr. Herkimer advises that the moving of the larger rig has been completed, rigged up and is now drilling and expects to continue drilling without any further delays. And too we will have these reports in when they are due. Most of the recent delay or a large part was due to the illness of Mac T. Hall and he has not fully recovered but hopes to be soon.
