<input type="checkbox"/> Plugging		<input type="checkbox"/> Remedial Work					

Detailed account of work done, nature and quantity of materials used, and results obtained.

Have been drilling daily since last report but have been running into crevices and getting a crooked hole and have to keep filling hole and drilling out. He is in very hard formation calls it Malapic. Seems to think that when he gets through this he will be out of most of his trouble and can make some hole. Has not had to set conductor pipe and may not need it.
