Date

OIL CONSERVATION COMMISSION,
Santa Fe, New Mexico.

Gentlemen:

Following is a notice of intention to do certain work as described below at the

Hunt Oil Company McMillen & Turner Well No. 1 in C. S. W. S. E
Company or Operator Lease

of Sec. 5, T. 26-S, R. 16-E, N. M. P. M., Wildcat Field,
Claro County.

FULL DETAILS OF PROPOSED PLAN OF WORK

FOLLOW INSTRUCTIONS IN THE RULES AND REGULATIONS OF THE COMMISSION

This well encountered Granite at depth of 2060'. Had no shows of oil or gas. Encountered fresh water, 740-747, 1300-1315, 1395-1492, 2113-36. It is proposed to pull the 8 5/8" casing set at 1848' and the 10 3/4" casing set at 904' and to be turned over to Fred Turner, Jr. (fee owner of the land) as a water well. Mr. Turner agrees to accept the well as a water well.

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes that this is crucial for ensuring transparency and accountability in the organization's operations.

2. The second part of the document outlines the various methods and tools used to collect and analyze data. It highlights the need for consistent data collection procedures and the use of advanced analytical techniques to derive meaningful insights from the data.

3. The third part of the document focuses on the implementation of data-driven decision-making processes. It discusses how the collected data is used to identify trends, assess risks, and make strategic decisions that align with the organization's goals and objectives.

4. The fourth part of the document addresses the challenges and limitations of data analysis. It acknowledges that while data provides valuable insights, it is not infallible and must be interpreted with care, taking into account potential biases and uncertainties.

5. The fifth part of the document discusses the future of data analysis and the role of emerging technologies. It explores how artificial intelligence, machine learning, and big data are transforming the way organizations collect, analyze, and use data.

6. The sixth part of the document provides a summary of the key findings and conclusions. It reiterates the importance of data in driving organizational success and the need for a strong data governance framework to ensure the integrity and security of the data.

7. The seventh part of the document offers recommendations for further research and action. It suggests areas where more data is needed and proposes strategies for improving data collection and analysis processes.

8. The eighth part of the document discusses the ethical implications of data analysis. It emphasizes the need for organizations to be transparent about their data practices and to ensure that their data is used in a responsible and ethical manner.

9. The ninth part of the document provides a final overview of the document's content and a call to action. It encourages organizations to embrace data as a key asset and to work together to overcome the challenges and limitations of data analysis.

10. The tenth part of the document discusses the role of data in the broader context of the organization's mission and vision. It highlights how data can be used to drive innovation, improve customer experiences, and create long-term value for the organization.

11. The eleventh part of the document provides a detailed look at the data collection and analysis process. It describes the various steps involved, from data collection to data cleaning, analysis, and reporting.

12. The twelfth part of the document discusses the importance of data security and privacy. It outlines the various measures that organizations should take to protect their data from unauthorized access and ensure compliance with relevant regulations.
