MISCELLANEOUS REPORTS ON WELLS

Submit this report in triplicate to the Oil Conservation Commission or its proper agent within ten days after the work specified is completed. It should be signed and sworn to before a notary public for reports on beginning drilling operations, results of shooting well, results of test of casing shut-off, result of plugging of well, and other important operations, even though the work was witnessed by an agent of the Commission. Reports on minor operations need not be signed and sworn to before a notary public. See additional instructions in the Rules and Regulations of the Commission.

Indicate nature of report by checking below:

 Title

THE HISTORY OF THE  
CITY OF BOSTON  
FROM 1630 TO 1800

The city of Boston, founded in 1630, was one of the first major centers of English settlement in North America. It grew from a small fishing village into a bustling port city, and played a central role in the American Revolution. The city's history is marked by its role in the struggle for independence, and its emergence as a major center of commerce and industry.

The city's early years were marked by hardship and struggle. The first settlers, the Puritans, faced a harsh winter and a lack of resources. Despite these challenges, the city grew and prospered, becoming a major center of commerce and industry. The city's role in the American Revolution was central, and it emerged as a major center of commerce and industry.

The city's history is marked by its role in the struggle for independence, and its emergence as a major center of commerce and industry. The city's early years were marked by hardship and struggle, but it grew and prospered, becoming a major center of commerce and industry.
