Dear Mr. Read:

On October 8, 1964, we wrote you and requested that you report the pipe that you might have run, and please make a report as to what is happening to this well at the present time. If you have run any pipe, please send a Form C-103 stating the weight, size, whether new or used, and how much cement was used. We do not have anything in our files except the Intention to Drill.

Very truly yours,

OIL CONSERVATION COMMISSION
