(Note: Report results of multiple completion on Well Completion or Recompletion Report and Log form.)

17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.) *

We request this shut-in water injection well be held for possible use as an injection well in a Metex Sand flood under study at this time.

Well was shut in October, 1973 for economical or mechanical reasons.

After feasibility studies are completed work should be commenced within the next two years.

18. I hereby certify that the foregoing is true and correct
