RE: Old Loco Unit #5 (30-015-03214)

- 0-32-17-29

On 4/1/2002 a letter was sent to your office, copy attached, requesting a Bradenhead valve be installed on the above mentioned well. As of this date no action has been taken to bring this well into compliance.

This Notice of Direction is therefore the second attempt to inform you that this well must be brought into compliance.

In the event that a satisfactory response is not received to this letter of direction by 6/7/2002, further enforcement will occur. Such enforcement may include this office applying to the Division for an order summoning you to a hearing before a Division Examiner in Santa Fe to show cause why you should not be ordered to permanently plug and abandon this well. Such a hearing may result in imposition of **CIVIL PENALTIES** for your violation of OCD rules.

Sincerely,

Gerry Guye
Compliance Officer
Oil Conservation Division, District II
