

## NEW MEXICO OIL CONSERVATION COMMISSION

JUL 26 1951

SANTA FE, NEW MEXICO

## MISCELLANEOUS NOTICES

Oil Cons. Comm.

Artesia Office

Submit this notice in triplicate to the Oil Conservation Commission or its proper agent before the work specified is to begin. A copy will be returned to the sender on which will be given the approval, with any modifications considered advisable, or the rejection by the Commission or agent, of the plan submitted. The plan as approved should be followed, and work should not begin until approval is obtained. See additional instructions in the Rules and Regulations of the Commission.

OIL CONSERVATION COMMISSION,  
Santa Fe, New Mexico.

Gentlemen:

Following is a notice of intention to do certain work as described below at the \_\_\_\_\_  
Allen & Fair Operating, Inc., State A Well No. 2 in SW-SW  
 \_\_\_\_\_  
 Company or Operator  
 of Sec. 36, T. 17S, R. 29E, N. M. P. M., Loce Hills Field.  
Eddy County.

## FULL DETAILS OF PROPOSED PLAN OF WORK

## FOLLOW INSTRUCTIONS IN THE RULES AND REGULATIONS OF THE COMMISSION

Production from this well has declined to approximately 1 bbl. oil per day and the well is no longer profitable. It is our plan to plug and abandon this well. The plugging of this well was discussed in your Artesia office the first week of June and the following plan was decided upon:

Plan to fill hole with mud and dump 10 sack cement plug on bridge set in open hole below 7" casing with this plug extending up into the 7" casing, then knock off the 7" and pull this casing. Then place 10 sack cement plug at base of the salt and a 10 sack plug at top of salt and into 8" casing, then pull 8" casing and place cement plug and pipe marker at surface.

AUG 1 1951

Approved \_\_\_\_\_, 19\_\_\_\_  
 except as follows:

Space between all plugs will be  
 filled with mud.
