Re: Parke Lease LC 029029-J  
Well No. 3-G-3-17-30

Dear Mr. Gressett:

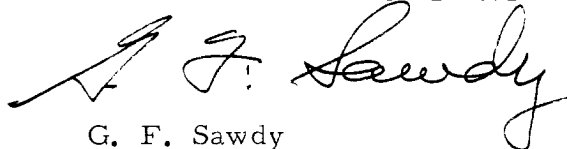

In checking through the files of the above well which we acquired from Water Flood Associates, Inc., on October 1, 1966, it is apparent a number of records have been misplaced. While this well has been carried on form C-115 as a producer it was actually plugged in September, 1957, by a previous owner.

These misplaced records account for the delay in filing the plugging information until November 10, 1966.

I would like to add that we plan to reopen this well in the not too distant future.

Yours very truly,

RYDER SCOTT
