Dear Sir:

Sinclair Oil & Gas Company hereby makes a request of four hundred twenty (420) barrels advance allowable on above well. This allowable to be deducted from total allowable when well is completed.

This well is to be drilled to an approximate total depth of thirty six hundred (3600) feet but oil has been encountered and is being swabbed daily. The tanks are now full, storage is needed to continue the drilling of said well.

Yours very truly,

  
C. C. Salter  
Dist. Supt.
