Re: Pool Designation Skelly
Oil Co., Les "C", #3, Unit D,

New Mexico

Dear Ralph,

It has been called to our attention that the subject well has inadvertently been designated as being in the Grayburg-Jackson Pool rather than an undesignated location adjacent to the Robinson Pool. You will note that the well is actually as close to one pool as the other but the operator is producing this well into common tankage with wells in the Robinson Pool and it is his desire to have the well classified with the same.

Please adjust your records accordingly.

Very truly yours,

R. L. Stamets
