Re: Foster A Lease
Well -No. 6--G, 17-17-31

Attention: Mr. R.L. Stamets

Dear Sir:

Regarding your letter of July 16, 1963 we are filing the attached forms C-110.

This information is the best that we can locate. As of November, 1962 we had to take over the operations of the Foster Lease. Heretofore the Lease was operated by Mr. A.D. Weier and Mr. R.C. Brandon, however, both of these men are now deceased and consequently we have had to assume the operation of this Lease. As of this date we keep finding a record here and there and we are doing our best to piece this mess together in order to try to find some similance of order and a full set of well records. We just hope that this filing of form C-110 Well pool designation change acceptable to the Oil Conservation Commission.

Taking this opportunity to thank you, I am

Respectfully yours,

Wilson P. Hammond
