Re: State 21 #1-P,
Section 21-17-29,
Eddy County, New
Mexico

Gentlemen:

To date this office has not received Form C-122, Multipoint Back Pressure Test for Gas Wells on the subject well. Said Form C-122 was due on June 22nd.

Further, it has been brought to my attention that more than one state lease is dedicated to this well. Therefore you must get them communitized through the State Land Office, and file Form C-102, Well Location and Acreage Dedication Plat outlining each of the leases and identify the ownership thereof (both as to working interest and royalty). Then file Form C-104 showing a change in lease name from State 21 to State 21 Com.

This must be taken care of immediately and if you have any questions please feel free to call upon me.

Very truly yours,

OIL CONSERVATION COMMISSION
