

WINDFOHR OIL COMPANY

P. O. Box 188
LOCO HILLS, NEW MEXICO 88255

(11) Plans for restoration of the surface include filling and levelling of all pits.

(12) Other information- the proposed location is in flat country with small sand dunes covered with weeds, yucca, and small mesquite. No gullies or arroyos are in the vicinity of the proposed drilling site.

Yours truly,

John C. McPhaul
District Superintendent
