915 North Alameda Street
Carlsbad, New Mexico

Dear Mr. Curry:

I have not heard from you in quiet sometime, in regard to the plugging of a Wildcat well in Lot 14, Sec. 1-21S-27E, that was drilled by Binkley & Curry in 1951. Our field man Mr. Bill Gressett was out to this location a short time ago and found the well open.

Your letter of October 25, 1956, stated that you had contacted, E. D. Burgett, and he was going to try and complete this well as soon as his rig was available, and if he didn't take well over that you would plug it as soon as possible.

I believe we have given you ample time on this matter, please let me know just what your intentions are.

Yours very truly,
