Magruder's Pacific Coast Land Well No. 1, SW/4
NE/4, Section 15, Township 21 South, Range 27
East, Eddy County, New Mexico.

Gentlemen:

The subject well, which has been abandoned for a long period of time, is now standing open and constitutes a hazard not only to persons and livestock but also to the oil, gas, and fresh water strata in the area.

We must now make demand on Maryland Casualty Company, as surety on the bond for the subject well, to arrange the plugging of this well. A deadline of May 1, 1960, should allow you adequate time in which to have this work completed.

Please contact Mr. M. L. Armstrong, District Supervisor of the Oil Conservation Commission, Carper Building, Artesia, New Mexico, in regard to a proper plugging program for this well.

Very truly yours,

OLIVER E. PAYNE
