	<input checked="" type="checkbox"/> Other <u>open additional pay</u>	<input type="checkbox"/> Dispose Water

(Note: Report results of multiple completion on Well Completion or Recompletion Report and Log form.)

13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)\*

The Inexco "17" Federal #1 was drilled in 1974 and completed in the Lower Morrow 10,746-10,887' overall. In 1990 a workover was performed to abandon the Lower Morrow 10,875-10,887' (believed to be wet). The current producing interval is in the Lower Morrow 10,746-10,826' overall.

In the 2nd quarter of 1997, it is proposed to stimulate the existing Lower Morrow perforations at 10,875-10,887' with acid. Additional pay in the Upper Morrow is planned to be perforated at 10,702-10,704', 10,674-10,694', 10,650-10,654' and 10,632-10,634' then stimulated with an acid job and frac'd.

14. I hereby certify that the foregoing is true and correct

Signed Candace R. Graham
