RE: Rule 402, Shut-in Wellhead Pressure Requirements
Eddy Co., New Mexico

Gentlemen:

Due to problems experienced with formation damage when Morrow wells are shut-in, TXO Production Corp. respectfully requests that the following wells be made exempt from the above rule:

WELL NAME

LOCATIONS

Challenger Rayroux #1
Williamson Fed A #3
Yates Fed #5
Catclaw Draw St Com #1
Pioneer Fed Com #1

Unit P 19-21S-21E
Unit L 16-20S-29E
Unit L 17-20S-29E
Unit M 18-21S-26E
Unit G 19-21S-27E ✓

This request is made in the interest of avoiding a loss of reserves in these wells.

If you require additional information, please do not hesitate to contact me at 915-682-7992.

Sincerely,

Lane Griffing
Production Engineer
