The gas is commingled with gas from other wells (see attached list of wells), and compressed at a compressor located in the NE/SE quarter of Section 33, T-22S, R-26E in Eddy County, NM. It is then measured at Highlands Gas Corporation's Huber Treating Facility located in the SE/SE quarter of Section 15, T-23S, R-26E in Eddy County, NM. This well has an allocation/check meter on location that is calibrated each quarter by a certified technician.
