Gentlemen:

We are in receipt of Form C-110 and Form C-104 on the above-captioned well. We are returning Form C-104 so that you may fill in the casing and tubing pressures, the date the first oil was run to tanks, and also you state you have a 2" choke and no gas. Please state how you produce the 36 barrels of oil and 7 barrels of water, either by pumping, swabbing, or how?

Very truly yours,

OIL CONSERVATION COMMISSION
