Attention: Mr. R. D. Pitre

Gentlemen:

On August 10, 1983, this office approved a C-103 on the above captioned well for a recompletion in the Bone Springs. At this time a C-104 was also approved, and an allowable of six barrels per day was assigned this well.

On August 22, 1983, we received a C-103 indicating that the well has been shut-in since December 9, 1982, after an unsuccessful completion was attempted in the South Culebra Bone Springs.

Please clarify which of these reports is correct.

Very truly yours,
