Re: Maddox Energy Corporation  
Pardue Farms 27 No. 1  
Undesignated Bone Spring Pool  
Eddy County, New Mexico  
Unorthodox Location

See attached distribution list

Gentlemen:

Maddox Energy plans to plug back and recomplate the Pardue Farms 27 No. 1 located in Unit H, 1980' from the north line and 990' from the east line of Section 27, T-23-S, R-28-E in the Bone Spring formation. This was originally a Morrow well and was drilled prior to development of Bone Spring production in Section 23, approximately three-quarters of a mile northeast.

Since this well is now within a mile of a pool having temporary field rules which require wells to be located within 150 feet of center of either quarter-quarter section (1/4 1/4 section), it is necessary that we obtain waivers from offset operators.

If you have no objection, please indicate your approval by returning one executed copy to the undersigned at your earliest convenience.

Yours very truly,

(SIGNED) AUDRA B. CARY
