Gentlemen:

Reference is made to our letter dated March 23, 1995 and to your letter dated the same date regarding the captioned well, which Pogo has filed a Notice of Intention to Drill for such well to test the Delaware formation, with a proposed total depth of 8,500' subsurface.

Pursuant to our previous letter and in accordance with Rule R-111-P of the New Mexico Oil Conservation Division, Pogo hereby submits to you, as a Potash Operator holding potash leases within a radius of one mile of the proposed well, a copy of the Notice of Intention to Drill (Form C-101) and a copy of the Well Location and Acreage Dedication Plat (Form C-102) for the subject well at the above location.

As you are aware, and as stated in your March 23, 1993 letter to the New Mexico Oil Conservation Division, you have already consented to the drilling of such well at the above location.

Very truly yours,

POGO PRODUCING COMPANY
