13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Per NMNM-0543827, 3162.3-4 BLM letter dated July 3, 2001. Strata is currently evaluating this well as either a workover candidate or to convert to salt water disposal. Currently we plan to test upper Brushy Canyon intervals in the Forty Niner Ridge Unit #3. If successful then similar intervals will be tested in this well. If not successful we plan to convert this well to SWD. We hereby request until January 15, 2002 to return this well to production, convert to SWD or plug and abandon per BLM and OCD specifications.
