Nadel and Gussman Permian, L.L.C.
Mr. Robert McNaughton
601 N. Marienfeld, Suite 508
Midland, Texas 79701

Dear Mr. McNaughton;

Enclosed is our cultural resource report for the following Nadel and Gussman Permian L.L.C. proposed project:

A Class III Cultural Resources Inventory
The Proposed Kyle "34" Federal Number 1
Well Location and Access Road
Section 34, T.24S., R.28E
Eddy County, New Mexico

A records check was completed at the Bureau of Land Management, Roswell District, Carlsbad Resources Area Office, and the State of New Mexico Archaeological Records Management Section. The record check of T. 24S., R.28E., Section 34 and within one mile revealed no previously recorded sites. During the current inventory, four isolated occurrences were encountered in the project area, recorded and all research potential exhausted in the field.

Archaeological clearance is recommended for the proposed Kyle "34" Federal Number 1 well location and access road, **with no stipulations.**

We appreciate the opportunity to provide our services and look forward to working with your firm in the future. If you have any questions regarding the report, please do not hesitate to contact me. Thank you.

Sincerely,

Doralene Sanders
Office Manager
