Dear Nose:

Last December I wrote you regarding obtaining a release for a Blanket Drilling Bond, #SY251250, filed on behalf of Dan S. Harroun under State Form 39A1. You replied that you had no plugging report on #1 Leeman in the south half of section 10, 26, 24 nor on #2 Leeman in the south half of section 19, 26, 24.

The bond recently was renewed and in checking with Mr. Harroun he informs us that the #2 Leeman is now a water well and has been turned over to the land owner, Alfred Leeman. He states that all of the necessary reports were made to your department. He also states that #1 Leeman has been plugged and abandoned.

Would you please check and advise us whether this information is in accord with your files. If you find that additional information is necessary would you be so kind as to send us the appropriate forms and we will get them into Mr. Harrouns hands so that the necessary action can be taken to permit cancellation of the bond.

Thanks very much for your cooperation.

Yours very truly,

MONTGOMERY AGENCY, INC.
