BUCK JONES DRILLING COMPANY

CONTRACT DRILLING

MCCAMEY, TEXAS

12-3-56

Mr. Glenn Weatherford
Navarro Hotel
Corsicana, Texas.

Dear Glenn:

I finally found the plugging dope on your well on Government lease in Eddy County New Mexico that I drilled for you. My record shows that the well was plugged on 29th of December 1953. Ten sacks of cement was dumped on bottom in 8 inch hole, covering Delaware sand from top at 2005 to T.D. at 2066. Hole was mudded to surface, cellar filled with cement and Government marker was erected. Hope this will be an answer to your problem.

Best regards,

Buck Jones
