**RE: Proposed Public Notice and Participation for Stage 1 Abatement Plan
Hilcorp Energy Company
Standard #1
API # 30-045-08718
NCS1735235018
San Juan County, New Mexico**

Dear Ms. Fields:

LT Environmental, Inc. (LTE), on behalf of Hilcorp Energy Company (Hilcorp), proposes the following plan to meet the requirements of 19.15.30.15 of the New Mexico Administrative Code (NMAC) for public notice and participation associated with a Stage 1 Abatement Plan to address soil and groundwater impacts identified at the Standard #1 natural gas production well.

DISTRIBUTION

Hilcorp will provide written notice of the Stage 1 Abatement Plan by Certified Mail to the following:

- Surface owners of record within 1 mile of the perimeter of the identified impacted area as currently defined in the Stage 1 Abatement Plan. These surface owners are listed in Table 1.
- The County Commission of San Juan County, New Mexico.
- The Office of Natural Resources Trustee for the State of New Mexico.

Please note the release location is not directly within or within 1 mile of any city limits or directly or partially within or within 1 mile of any tribal boundaries. Hilcorp understands that the NMOCD may include additional persons who have requested notification, as well as other local, state, or federal governmental agencies upon approval of the Stage 1 Abatement Plan.

PUBLICATION

Hilcorp will publish the NMOCD approved notice in the *Farmington Daily Times*, a newspaper of general circulation in San Juan County, New Mexico, and in the *Albuquerque Journal*, a newspaper of general circulation in the state of New Mexico.

SCHEDULE

Hilcorp will issue public notice within 15 days after the NMOCD determines the Stage 1 Abatement Plan is administratively complete. This includes public notice to the newspapers and certified mailings to the appropriate local governments and surface owners identified for distribution. The newspaper publication will run for 1 business day.

PROPOSED NOTICE

Hilcorp proposes the following language for public notice:

Hilcorp Energy Company (Hilcorp) announces publication of a Stage 1 Abatement Plan for soil and groundwater impacts identified at the Standard #1 natural gas production well located at latitude 36.7536011 degrees (°) and longitude -108.1002121° in Unit J of Section 4 of Township 29 North, Range 12 West in San Juan County approximately 3 miles southwest of Flora Vista, New Mexico.

On November 28, 2017, a historical release of unknown volume of natural gas condensate and produced water from a production pipeline was identified by Hilcorp during maintenance activities. Initial source removal and subsurface investigation indicated soil in the vadose zone and shallow groundwater occurring at approximately 25 feet to 35 feet below ground surface are impacted above applicable remediation standards defined by the New Mexico Oil Conservation Division (NMOCD). The current extent of subsurface impact is estimated to be 1.5 acres; however, full delineation is not yet complete. No surface water was impacted.

The Director of the NMOCD has approved a Stage 1 Abatement Plan in which Hilcorp proposes to complete delineation through additional soil borings and monitoring well installation, from which soil and groundwater will be sampled and analyzed for contaminants. The data obtained from the Stage 1 Abatement Plan will be combined with previously collected subsurface data to complete characterization of the soil and groundwater impacts and to design appropriate remediation. In determining that the Stage 1 Abatement Plan is administratively complete, the NMOCD Director has complied with Subsection B of 19.15.30.15 of the New Mexico Administrative Code (NMAC) by reviewing the document and concluding that it satisfies the requirements of Subsection C of 19.15.30.13 NMAC.

Members of the public may view a copy of the Stage 1 Abatement Plan at the NMOCD's Santa Fe office at 1220 South St Francis Drive, # 3, Santa Fe, New Mexico or at the NMOCD's district office at 1000 Rio Brazos Road, Aztec, New Mexico. Additionally, the Stage 1 Abatement Plan is available for viewing electronically on the NMOCD public database at <http://www.emnrd.state.nm.us/OCD/>.

The NMOCD is accepting written comments and requests for consideration if the NMOCD Director receives them within 30 days after the date of publication of this public notice. A person seeking to comment on a stage 1 abatement plan should submit written comments to:

Ms. Vanessa Fields
Environmental Specialist
New Mexico Oil Conservation Division
1000 Rio Brazos Road
Aztec, New Mexico 87410

The NMOCD shall distribute notice of the submittal of the Stage 1 Abatement Plan with the next division and commission hearing docket following receipt of the plan.

Additional information can be obtained from the Hilcorp project contact:

Jennifer Deal
Hilcorp Energy Company
382 Road 3100,
Aztec, New Mexico 87410
