13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)

The pump in this well appears to be scaled up. We plan to pull the well and check the source of the scale. If necessary and acid treatment will be conducted to remove the scale and return to production. Due to rig availability and scheduling, we request that we be given until 7/15/2004 to complete this work.
