13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

On 10/30/01 BP America Production Company requested permission to re-enter the West, Kutz Picture Cliffs pool and commingle production down hole with the existing Basin Fruitland Coal. Permission was granted 11/16/01.

This report is submitted to show CIBP is drilled out, well was stimulated and is capable of DHC. No additional perms were added. Well is currently shut in waiting on equipment.

DHC 593AZ

14. I hereby certify that the foregoing is true and correct.

Electronic Submission #17588 verified by the BLM Well Information System
