DHC2910

ATTN: Will Jones

Dear Mr. Jones,

The referenced down hole commingle order DHC2910 was issued to this well for Chacra/Mesaverde/Dakota. During completion operations the Charca produced 45 BWPH and was plugged and abandoned. The well will now produce as a Mesaverde/Dakota commingle. We request to revise DHC2910 to include only the Mesaverde and Dakota formations. Please let me know if you have any questions.

Sincerely,

Peggy Cole
Regulatory Supervisor
