13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

FISH TUBING AND RETURN WELL TO PRODUCTION.

Phillips wishes to extend the completion date for this well's workover. Plans are still to drill out the cement plug, attempt to retrieve the 2400+ feet of fish left in the hole & return well to production. We would like to extend the deadline for this work for July 2002. The last casing integrity test was run in 1997.
