13. Describe Proposed or Completed Operation (clearly state all pertinent details including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths or pertinent markers and sands. Attach the Bond under which the work will performed or provide the Bond No. on file with the BLM/ BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in anew interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notice shall be filed only after all requirements, including reclamantion, have been completed, and the operator has determined that the site is ready for final inspection.)

Work commenced to downhole commingle the subject well on 4/26/2004. Service unit was rigged up and production tubing and packer were pulled from wellbore. Well was cleaned to PBTD at 8060'. The 2-3/8" production tubing was ran back in well and landed at 7986. The well was then turned to sales as a downhole commingled Dakota/Mesa Verde producer.
