13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, A Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

Operator requested and was granted permission to dually complete this well into the Basin Fruitland Coal. A completion attempt was made, but the Fruitland Coal could not be completed. The well is considered a single formation Pictured Cliffs completion and all gas is attributable to the Pictured Cliffs formation. A new wellbore will be drilled th the Basin Fruitland Coal for this proration unit.
