Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

This Indian lease well has not produced during June, 2004. The well needs to be swabbed. We have been unable to get a swabbing unit to do this work. We ask that we be given until July, 2004 to return this well to production. We anticipate return to production by July 15, and possibly sooner. *Production must be returned by 7/31/04*
