13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Above mentioned well was recompleted from the Mesaverde to the Basin Fruitland Coal July 2003.
However the well wasn't frac'd and there is no tubing in the hole.

It is our intent to frac and run tubing but because well location is in a raptor nesting area BP America will wait until after June 30 to accomplish this work.

14. I hereby certify that the foregoing is true and correct.
