OTHER: Deepen for sump/rat hole <input checked="" type="checkbox"/>	OTHER: <input type="checkbox"/>

12. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work). SEE RULE 1103. For Multiple Completions: Attach wellbore diagram of proposed completion or recompilation.

ConocoPhillips Company proposes to deepen the subject well to allow for sump/rathole in non-producing Pictured Cliffs formation.

Plans are to have a mudlogger on site to verify that PC gas isn't encountered and mud logs will be run and faxed to the OCD for their verification. The maximum depth we would deepen is to 3322'. If PC gas is encountered in the process, we will plug back to the base of the coal interval.

I hereby certify that the information above is true and complete to the best of my knowledge and belief.
