If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

XTO Energy Inc. hereby requests a one (1) year extension for the APD on the above mentioned well. This well took considerable time and effort to obtain an approved drilling permit from the BLM office in Durango, Ute Mountain Ute Tribe and the State of New Mexico. XTO Energy has also spent considerable time obtaining approvals from both the Bureau of Land Management and the State of New Mexico for surface commingling, non-standard location, off lease measurement of gas, use of electronic flow meters, etc. Please consider the effort and time spent in preparing and obtaining all of the items listed while making your decision. Thank you.
