13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)

This well is on Navajo Trust land. There was no production during November 2004. There is a hole in the tubing and we are waiting on a rig to become available to repair the problem. We ask that we be given until December 31 to accomplish this work.
