Attn: Mr. Steve Mason,

The Referenced Sundry Notices with the program and schematic to P & A were filed with your office on November 3, 2004. Approval to P & A was received on November 29, 2004. The approved plans were submitted to Key Energy Services, Four Corners Division, 5651 US Highway 54, P. O. Box 900, Farmington, NM, Attn: Mr. Joe Herrera, for a cost estimate. The estimate has been received, and Mountain States Petroleum Corp., has contracted Key to perform this work. MSPC has been placed on the waiting list for equipment and personnel to perform this Plug and Abandonment Operation. A verbal time estimate currently is spring of 2005 (March), or sooner.

Thank you for your time and help.

Sincerely;

  
George S. Dixon  
Agent
