Dear Mr. Perrin:

DIST. 3

Reference is made to the following orphan wells located in Sandoval County, New Mexico.

John Toledo No. 2, 790' FSL & 1780 FWL, Sec. 7, T. 18 N, R. ⁴14 W., Lease No. 14-20-0603-1666.

The above mentioned well was formerly operated by Theron J. Graves. We are request your assistance in using the state's plugging reclamation fund to be used to enter and plug the well properly since the operator has been absent since the 1980's and there is no bonding in place. If you concur with this proposal, please provide a written concurrence so that the process of plugging the wells can begin by the BLM Farmington Field Office. We appreciate your consideration in dealing with this unplugged well.

If you have any questions, please contact the Federal Indian Minerals Office at (505) 599-8961.

Sincerely,

Acting Director, Federal Indian Minerals
