13. Describe Proposed or Completed Operations

Due to the shape and layout and close proximity to the lake, Burlington Resources would like to change the layout of the wellpad that services three wells. Moving the facilities for the three wells to the West side of the pad will help the visual impact the equipment has from the lake and avoid safety concerns that our facilities department had. Attached is a drawing that illustrates the proposed layout.

10/29/09 Roger Herrera with the BLM was called and we received verbal approval to make the change.

This pad also services the Lewis Park #100 and Lewis Park #1M, please make note of these changes for these wells also.

14. I hereby certify that the foregoing is true and correct.
