**Subject:** RE: Closer Plan

Mike,

They need to be submitted on a C-144 and they need to meet all of the requirements of 19.15.17.13 NMAC.

**Subject:** [EXT] Closer Plan

Cory,

Closer plan for production pits NMOCD, do they need to be submitted on C-144 or will NMOCD Sundry work for Federal Wells. See the attached plan that was submitted with BLM Sundry.

I will review NMOCD Below Grade Tanks 19.15.17.13 NMAC as recommended.

Thanks,

13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.

Coleman Oil & Gas proposes to remove below grade tank per the attached procedure on the wells listed on the attached below grade pit closer plan.

## Below Grade Tank Closer Plan

Coleman Oil & Gas, Inc. plans remove below grade tanks and re-install at grade level.

1. Remove all fluids from below grade tank.
2. Remove below grade tank.
3. Sample soil, five point composite sample for Benzene, BTEX, TPH- (GRO & DRO), TPH and Chloride.
4. Notify Aztec Office OCD, Brandon Powell, (505) 334 6178 EX 15 and BLM Environmental Protection Staff (505) 564-7600 seventy two hours prior to below grade tank removal.
5. Remove temporary fence.
6. Fill in below grade with pre-approved fill dirt.
7. Re-install waste tank at grade level.
8. Re-install fence around grade level waste tank.
