Dear Operator:

On June 22, 2017, the OCD revoked your authorization to transport from or inject into all wells you operate for failure to file C-115 reports, per Rule 19.15.7.24 NMAC.

J B Martinez has now brought their C-115 reports back into compliance, therefore, your Authorization to transport from or inject into all the wells you operate has been reinstated. If you have any questions, feel free to call me at 505-476-3493.

Sincerely,

J. Daniel Sanchez
Compliance and Enforcement Manager
