Please reference BLM demand letter dated 09/22/2011.

7/7/2011 it was thought the above mentioned well had a leaning wellhead; call was made to NMOCD & BLM; bridge plug was placed over the Dakota and well was shut in for further investigation.

9/12/2011 leveler placed on the wellhead and wellhead was found level. The wellhead is in good condition. Please see attached photos.

Plan is to remove the bridge plug and continue clean out as originally planned.
