Vern Andrews  
Breck Operating Corporation  
c/o Walsh Engineering and Production Corporation  
7415 East Main  
Farmington, NM 87401

Dear Mr. Andrews:

Recently, this office conducted a field inspection of the Kutz Government Central Delivery Point (CDP). This CDP was originally approved on November 30, 1995 and included the following wells:

30-045-07073  
Kutz Government No. 2, located in A, Section 33, T. 28N., 10W., San Juan County, NM on Federal oil and gas lease NMSF046563.

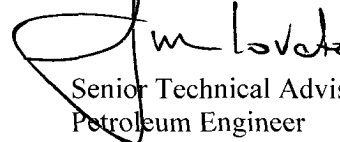

30-045-07131  
Kutz Government No. 3, located in N, Section 27, T. 28N., R. 10W., San Juan County, NM on Federal oil and gas lease NMSF077383.

30-045-24270  
Kutz Government No. 4J, located in B, Section 34, T. 28N., R. 10W., San Juan County, NM on Federal oil and gas lease NMSF046563.

Based on previous correspondence with your office, you indicated that these wells were never connected to a common measurement point and thus were never commingled. As such, the referenced approval is hereby rescinded.

If you have any questions regarding the above, please contact me at (505) 599-6367.

Jim Lovato

  
Senior Technical Advisor,  
Petroleum Engineer
