13 Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Operator has requested permission to temporarily abandon this wellbore. An evaluation of a Fruitland Coal completion is being considered at this time. A packer will be set at approximately 900'. The top Chacra perforation is 963'. The casing will be pressure tested to 500 psi for 30 minutes prior to being shut-in. This sundry reports details not presented in the initial sundry.
