13 Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomple horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recomple in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

**BP plans to P&A this well which is located in a NAPI Agricultural Field. We are requesting a subsurface P&A Marker approval. NAPI wants the marker 10' below the ground surface. GPS coordinates will be furnished when rig activity is done.**

Re: P&A Well GCU 63 FT  
Legal's: SW/NE, Sec 5, TS.27N, R 12W  
API 3004506884

Dear Jerry Van Riper

NAPI has reviewed well GCU 63 ft, this well which can be seen in exhibit A is in field 1-30B. Due to this well being in a crop field we would like the well cap to be place 10 ft below the surface. This is to insure the cap will not interfere with future farm operations.

Tsosie Lewis  
Chief Executive Officer
